ABOUT ELECTROLYTE POWER INDUSTRIES

We have great pleasure in introducing our selves as one of the leading manufacturers and suppliers of inverter battery, two wheeler battery, automotive battery, e-rickshaw battery, ups battery and many more. Innovation Engineering Services Incepted in the year 2005, now serving more than 100+ distributors and wholesalers across the India. Our products are tested to make them ready for the toughest conditions across different industries. Our wide range of Standard and Non - Standard Products offers a reliable source for various industries requirements with World-Class Quality.

Through most disciplined and systematic approach, we offer comprehensive and multi - discipline services. By keeping closely associated with our clients and by virtue of our expert services we have earned a respectable place in the industry.

OUR CORE VALUES

- We believe that each and every client, small or big, needs individual attention and this is how the required satisfaction level is achieved.
- Quality in work is more necessary than quantity.
- Successful results are achieved only with genuine intention and hard work invested by our team of professionals.

WHY US

- State-of-the-art infrastructural base
- Qualitative Products
- Experienced Team of Professionals
- Client-Centric Approach
- Excellent Transport & Logistic Facility
- Prompt Delivery

OUR VISION

To be reliable manufacturers & exporters of valuable patrons by offering them a technically superior & commercially viable product, this would meet & exceed their expectations. Continuous up-gradation of our technology / Implement effective quality management systems and the overall growth of every employee in consonance with the company's growth.

OUR MISSION

To create long term value for customers by providing quality products in time at economical prices & by promoting a culture of continual improvement among our employees & vendors.

QUALITY ASSURANCE

Our quality management system makes possible to trace completely all production phases in order to guarantee strict adherence to customer's requirements. From raw material acceptance up to final inspection, trained and experienced operators supervise the whole production process to assure high-quality standards and full compliance with tolerances.

Our R&D department mainly ensures the quality of the product which is a very important factor when producing moulding, pasting, casting, sealing and etc. Identified the process needed for the quality management system & their application throughout the organization.

“Quality is never an accident, it is always the result of high intention, sincere effort, intelligent direction and skillful execution, it represents the wise choice of many alternatives.”

Two Wheeler Battery

We are one of the trustworthy manufacturers, exporters and suppliers of a wide range of Two Wheeler Batteries. These batteries are manufactured using quality-tested components with high precision under the guidance of our adept professionals. Clients can avail these Two Wheel batteries in diverse capacities and other technical specifications as per their needs within promised time-frame.

Salient Features

- AGM Separator with superior grid design for extreme vibration resistance.
- Longer life and cycle performance.
- Additional Amp hours for more accessories.
- Factory Activated, No leak, No spill.

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-2.5	12	2.5	1.04	12 Months To 24 Months
EL-4	12	4	1.5	12 Months To 24 Months
EL-ETZ5	12	4.5	1.8	12 Months To 24 Months
EL-5	12	5	2.0	12 Months To 24 Months
EL-7	12	7	2.3	12 Months To 24 Months
EL-9	12	9	2.87	12 Months To 24 Months

Battery
For Life...

Automotive Battery

Car Series

An automotive battery is a rechargeable battery that supplies electrical current to a motor vehicle. Its main purpose is to feed the starter, which starts the engine. Once the engine is running, power for the car's electrical systems is supplied by the alternator.

Salient Features

- Completely Maintenance-free batteries with advanced Ca-Ca system and no topping up required.
- Long wet shelf life-no freshening charge required for up to 6 months from date of manufacture.
- Special paste formulation for positive and negative plates-higher life expectancy with superior charge acceptance in service.
- Easy to use-Batteries delivered factory charged "ready-to-use" condition.

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-38BR-L	12	35	10.0	12
EL-40BR-L	12	35	11.0	18+18
EL-60DL	12	60	16.0	18+18
EL-65DR-L	12	65	18.0	18+18
EL-DIN50L	12	50	13.9	18+18
EL-DIN65L	12	65	18.0	18+18

Commercial Series

Engineered especially for commercial vehicle applications like trucks, tractors, combines, and buses the range of batteries.

Salient Features

- Completely Maintenance-free batteries with advanced Ca-Ca system and no topping up required.
- Long wet shelf life-no freshening charge required for up to 6 months from date of manufacture.
- Special paste formulation for positive and negative plates-higher life expectancy with superior charge acceptance in service.
- Easy to use-Batteries delivered factory charged "ready-to-use" condition.

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-1300	12	90	28.5	18+18
EL-1500	12	100	30.0	18+18
EL-1700	12	120	40.9	12+12
EL-1900	12	130	42.5	18+18
EL-2100	12	160	52.6	18+18
EL-2300	12	165	53.9	18+18

Inverter Battery

Most parts of India suffer from power cuts and extreme voltage fluctuations. It is no wonder that a vast majority of Indians depend on inverters to address this problem. And to take care of this crucial need, they depend on a battery that won't let them down. With a range of inverter batteries to suit varying needs and applications of end users, Electrolyte Power batteries are compatible with any brand of inverters available in the market, so you are never at a loss for power.

When you buy an Electrolyte Power Batteries, you enjoy a completely hassle-free experience as the battery uses a high heat resistant Calcium/ultra modified Hybrid alloy for its grids which makes it zero-maintenance. Electrolyte Power Batteries also offers a range of technologically advanced inverters and home UPS system for complete peace of mind.

Salient Features

- Tubular plate design for superior performance and durability
- High purity, low antimony special spine alloy to ensure longer service life
- Separator with glass mat, high porosity
- Extra-long life design and low maintenance

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-1500	12	150	53.0	18+18
EL-1800	12	180	58.0	24+24
EL-2000	12	200	62.0	30+12
EL-2200	12	220	63.0	36+18

E-Rickshaw Battery

E rickshaw runs by e rickshaw batteries. These batteries are made for the special purpose. These batteries not only start the rickshaw but also used as a fuel. Nowadays e rickshaw is getting much popular. They are basically pollution-free vehicles that are considered to be very useful.

Salient Features

- Higher oxidization resistive separator.
- Large capacity and high specific energy, adopts high-purity raw materials and national patent technology.
- Less water loss and higher electrolyte volume.
- Superior Low-temperature Performance, possess superlative low-temperature charge and discharge acceptance, avoiding sharp decline of mileages of continuation for the battery in winter.

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-ER120	12	120	32.5	6
EL-ER150	12	150	36.0	9

UPS Battery

A SMF valve-regulated lead-acid battery is known for using low maintenance rechargeable lead-acid batteries.

Salient Features

- Using oxygen recombination technology: maintenance-free
- PbCaSn alloy for plate grids: less gassing, less self-discharging
- High quality AGM separator: extend cycle life and prevent micro short circuit
- ABS material: increase the strength of battery container. (Flame-retardant ABS is optional)
- High purity raw material: ensure low self discharge rate

Technical Specification

Model	Voltage	Capacity (Ah)	Weight (Kg)	Warranty in Months
EL-6V-45	6	4.5	0.70	6
EL-12V-7	12	7	2.00	6
EL-12V-12	12	12	3.60	12
EL-12V-18	12	18	5.32	12
EL-12V-26	12	26	7.80	24
EL-12V-45	12	45	13.00	24
EL-12V-65	12	65	19.00	24
